Time: 3:27 p.m.

I left home Thursday, July 20, 1978 at 5:30 p.m. I looked at the clock as I left. I drove toward Alex City (North) on Alabama 259.

As I drove past Alford's Grocery I saw a little gold looking motorcycle parked near the gas pump on the North side of the store. I was going to stop for gas but when I saw the motorcycle I just went on past.

I didn't see anybody outside or around the motorcycle. I don't know who owns it and to my knowledge have not seen it before.

This statement is true and complete to the best of my memory.
